City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

**Note:** A letter authorizing the applicant the use of the property for a fireworks sales stand from the property owner(s) is required with this application form.

.....  
**Fireworks Sales Signage - 620.010(O):**

**Current code requirement:** No person shall be allowed within the street right-of-way flagging traffic and no interference with the flow of traffic near the site of the fireworks stand shall be permitted. No flashing lights shall be permitted. A limit of three (3) signs are permitted per fireworks stand:

- One (1) of which shall be on site and its maximum size shall be four hundred (400) square feet.
- Two (2) off-site signs will be permitted their maximum size shall be limited to sixty-four (64) square feet per sign.

**Clarifications:** The on-site sign allowance of 400 SF may be utilized in one or more signs, or as a single non-traditional sign (e.g., air-supported). Signage that is part of the tent structure or canopy, or is internal to the tent, is not included as part of the on-site sign allowance. Off-site signs shall not be placed on public right-of-way, and off-site signs shall only be erected with the permission of the property owner.

**Signage Plan Required:** As part of this Fireworks Temporary Sales Permit application, a brief signage plan shall be submitted to the City. Failure to comply with the Fireworks Sales Signage or any other Fireworks Sales code requirements may cause the forfeit of the applicant's \$500 surety bond and will reflect negatively on future permit applications for temporary sales of fireworks by the applicant within the City.

**On-Site Signage Overview:**

Height	Width	Area
<b>Total Area of On-Site Signs =</b>		

**Off-Site Signage Overview:**

Height	Width	Location

In lieu of this table, applicant may submit a description and location of proposed non-traditional types of signs (e.g., air-supported signs):

**Description of non-traditional sign(s):**
